Word has been received from Solo monville of an accidental shooting which will probably result fatally to the young son of Ph. Freudenthal, the weil known business man of that section. From information received here it appears that the Freudenthal boy was laying with the little son of Sheriff Anderson, who had secured a .38-caliber revolver from a bureau drawer in his home and that in some manner the gun was discharged, the bullet passing through the left shoulder of the Free denthal lad. The course of the bullet was determined, but so far the doctors have been unable to locate it. RIFLE SHOOTING.

Develops the Arms, Lungs and Chest and Trains the Eye.

It is not only the muscles of the arm which are tested by properly organized rifle shooting. It supplies an excellent exercise for the chest and lungs. One of the first things the young rifle shot has to learn is how to take a deep breath, to fill the lungs with air, and then to hold the breath while the rifie is kept absolutely steady and the finger is gradually tightening on the trigger.
